Report of Independent Auditors

Plan Administrator  
Shoffner Industries, LLC 401(k) Plan

We have audited the accompanying statements of assets available for benefits of Shoffner Industries, LLC 401(k) Plan as of December 31, 2002 and 2001 and the related statements of changes in assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan at December 31, 2002 and 2001, and the changes in its assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2002, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Shoffner Industries, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2002 and 2001

1. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Shoffner Industries, LLC 401(k) Plan (the Plan) are presented on the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect reported amounts. Although actual results could differ from these estimates, management believes estimated amounts recorded are reasonable and appropriate.

INVESTMENTS

Investments are stated at fair value. Fair values of the investments are based on quoted market prices as of the end of the year. Investment income from mutual funds is recognized as earned.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amount reported in the statement of assets available for benefits.

ADMINISTRATIVE EXPENSES

Administrative expenses incurred in connection with the operations of the Plan are deducted from individual participant account earnings prior to allocations to the participant's accounts. Loan fees are paid directly out of participant accounts.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

TRANSFERS FROM ANOTHER QUALIFIED PLAN

Certain participants transferred their account balances in 2001 from the Universal Forest Products, Inc. Employees' Profit Sharing and 401(k) Retirement Plan to the Plan. Universal Forest Products Shoffner LLC (the Company) is part of the Universal Forest Products, Inc. controlled group; therefore, the transaction was accounted for as a transfer rather than a contribution.

2. DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that provides tax-deferred benefits for all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligible participants consist of all employees of the Company who are 20 years or older and have completed 1,000 hours of employment (year of service) during the 12-month period following date of employment or, where additional periods are necessary, during a plan year beginning January 1.

Participants may voluntarily contribute up to 15% of their compensation as a 401(k) contribution subject to certain regulatory limitations. Participant contributions to the Plan vest immediately.

The Company matches 50% of participant contributions up to the first 6% of the participant's compensation. Additional employer contributions are determined solely at the discretion of the Company and are allocated to participants in the same ratio that each participant's compensation for the plan year bears to the total compensation of all participants for the plan year. Forfeited non-vested amounts are used to reduce future contributions of the Company.

Shoffner Industries, LLC 401(k) Plan  
Notes to Financial Statements (continued)

2. DESCRIPTION OF THE PLAN (CONTINUED)

Employer contributions are subject to a six-year vesting schedule as follows:

YEARS OF SERVICE -----	VESTING PERCENTAGE -----
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

The vested portion of terminated and retired participants' accounts are normally distributed immediately following a separation from service.

Participants may borrow from their account a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are a general investment of the Plan. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans bear interest at a rate equal to the prime rate (4.25% at December 31, 2002) plus 1% calculated on a quarterly basis. A participant may only have one loan outstanding at any time.

Participants may select from various investment options made available by the Plan. On a daily basis, the trustee allocates the net investment income or loss attributable to each investment fund to the individual participant accounts in proportion to the total participant account balances.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become fully vested in their accounts.

Stable Investment Fund	6,173,855	5,154,095
Wells Fargo Outlook 2020 Fund	1,051,587	

4. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated October 21, 1994, stating that the Plan is qualified under section 401(a) of the Internal Revenue Code (the IRC) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

Shoffner Industries, LLC 401(k) Plan  
Notes to Financial Statements (continued)

5. SUBSEQUENT EVENT

During 2003, the Plan will be merged into the Universal Forest Products, Inc. Employee Profit Sharing Plan and 401(k) Retirement Plan. All assets of the Plan will be combined with those of the Universal Forest Products, Inc. Employee Profit Sharing and 401(k) Retirement Plan and the assets will be transferred to the existing trust created by the Universal Forest Products, Inc. Employee Profit Sharing and 401(k) Retirement Plan. All benefits payable under the merged plans shall be paid from this trust.
