

UFP Industries Plans Largest-Ever Presence at 2024 International Builders' Show

January 29, 2024

GRAND RAPIDS, Mich.--(BUSINESS WIRE)--Jan. 29, 2024-- Three affiliates of UFP Industries (Nasdaq: UFPI) will display a wide range of new and innovative products at the 2024 NAHB International Builders' Show (IBS) in Las Vegas from February 27-29, 2024. Their combined efforts will mark the company's largest presence at the world's biggest residential construction trade show.

Each affiliate will occupy a separate space at the Las Vegas Convention Center:

Deckorators

Deckorators, the first name in composite decking, railing and accessories, will have a 40'x40' space in South Hall (booth SU1025). In addition to showcasing its leading lines of mineral-based composite decking with [Surestone™ Technology](#) the booth will feature a [New Privacy Screen System](#) and [Aluminum Rapid Rail](#) kit with two new colors: Textured White and Weathered Brown.

UFP-Edge

A leader in innovative siding, pattern, and trim products, UFP-Edge will occupy a 30'x30' space in Central Hall (booth C5611). The booth will showcase [Thermally Modified Wood Collection siding](#), [Primed trim and fascia](#), [Native Woods pre-finished boards](#), and [Timeless Nickel Gap shiplap](#).

UFP Site Built

[UFP Site Built](#), a leading manufacturer of value-added wood and non-wood framing components, will make its debut at IBS in Central Hall (booth C7737). The booth will feature UFP Site Built's industry-leading technology innovations, which are designed to lower costs and improve efficiency in residential and commercial construction.

Attendees can get a tour of a recently completed floor cassette project via an Oculus virtual reality experience and learn more about the proprietary TrussTrax mobile app, the next generation of site-built technology for accessing job information.

UFP Industries, Inc.

UFP Industries, Inc. is a holding company whose operating subsidiaries – UFP Packaging, UFP Construction and UFP Retail Solutions – manufacture, distribute and sell a wide variety of value-added products used in residential and commercial construction, packaging and other industrial applications worldwide.
