FOR IMMEDIATE RELEASE Monday, November 16, 2020

UFP Industries expands construction capabilities with the acquisition of three New England companies

GRAND RAPIDS, Mich., Monday, November 16, 2020 – UFP Industries (Nasdaq: UFPI) today announced that affiliates of UFP Construction LLC acquired the assets of three companies: Atlantic Prefab, Inc.; Exterior Designs, LLC; and Patriot Building Systems, LLC. The companies, which had combined trailing 12-month sales through September of approximately \$28 million, serve the commercial and multi-family construction markets in the Northeast. The operational leadership of the companies will remain unchanged.

"The employees of these three companies have done an excellent job growing their businesses, creating long-term relationships with customers, and developing expertise in areas of commercial and multi-family construction that are mostly new to UFP Industries. They will help us expand our product offerings and give other UFP companies opportunities to extend their existing business lines into new markets," said Mike Ellerbrook, executive vice president, Site Built, for UFP Construction.

Based in Wilton, New Hampshire, Atlantic Prefab produces prefabricated steel wall panels and light gauge metal trusses. The company's steel component and prefinished wall panel lines are new, value-added product additions for UFP Construction that help shorten project timelines.

Exterior Designs is a leading installer of siding and exterior cladding such as fiber cement, ACM (aluminum composite material) panels, phenolic panels, and EIFS (exterior insulation and finish systems). The company is based in Londonderry, New Hampshire, and serves commercial and multi-family clients throughout the Northeast.

Also based in Londonderry, Patriot Building Systems provides commercial and multi-family framing services in the Northeast and will focus on markets not currently served by companies of UFP Industries.

"It's been a pleasure working with UFP Industries during this transaction," said Mike Dion, majority owner of the acquired companies. "I want to thank the employees of all three companies for their commitment and excellent work over the years. It's reassuring to know that our employees and customers are in good hands and will be well taken care of."

"Last year, we reorganized our operations to bring more focus and more efficient use of capital and resources to the markets we serve," said UFP Industries CEO Matthew J. Missad. "The acquisition of these three complementary companies is an example of how our reorganization is helping us grow and bring more value-added products and services to our construction customers. These companies have outstanding reputations, and we're excited that they've joined the UFP family of companies."
